

How does climate change affect us all?

- Key Questions:
- What is climate change?
- What is extreme weather?
- Why is Elhaji shining shoes in The Gambia? [Drought-The Gambia]
- Why is Charlotte in danger of losing her home? [Australia-bush fires]
- Why do Lars and Sofia disagree about the weather? [Ice caps melting- Greenland]
- What have the countries of the world agreed to do about climate change?
- What can we do to make a difference?

PSHE

Healthy choices- understanding drugs, exercise and alcohol and the impact these have on people's lives

Music-

Understanding the conventions of a rock song. Focus on Bon Jovi- Livin' on a Prayer. Singing, glockenspiels and recorders

Science Life cycles of plants, animals and humans.. We will explore similarities and differences and learn specific science vocabulary.

English- Persuasive writing, descriptive writing and speech stories.

Maths- Multiplication and division, measure

RE- After half term.

Our RE enquiry will explore Hinduism. We will learn about who Hindus are, what they believe in, and how they live their lives.

Art- The Singh Twins

Collage and heritage We will be creating our own art-work inspired by North Devon and our beautiful geography

PE- Tag Rugby and Tennis, followed by swimming- Children in Year 5 will complete 10 weeks of swimming at Tarka Leisure Centre. Every child will aim to swim 25m.

Forest School- Learning about our environment and how it changes with the seasons. We will make wassailing decorations, as well as fat balls for the birds to help them survive over the colder months. We will also be building our teamwork skills by working together in a range of tasks

Drama- We will be working on skills to complete our end of enquiry output- a filmed news report.
