Dear Parents/Carers,

**re: Before and After School Provision**

Following a number of emails from parents regarding the challenges of finding before and after school care for their children, the school are exploring the feasibility of starting a ***before and after school club*** at the school from September 2019.

We have already had early discussions with other providers in the area around the level of need and we are now required to consult with our parent community to see if there is a need for this provision and what the level of need is.

If you think that this is something you may use (with the understanding that this service would be chargeable) please could you ***complete the slip on the following page*** and ***return to the school office by the end of this week***. We will make our decision based on our assessment of need so please complete the slip even if it is only something you are considering. We are only gauging interest at the moment; by completing the slip, you are not committing to your child attending, should the school move forwards with this.

If you would like to discuss this matter further or you have any thoughts or views which you would like to share with the school in person, please contact the school to make an appointment to see Ms Warner or Mr Blunt. Alternatively, you can make a telephone appointment. We would welcome your thoughts on this matter.

Yours sincerely,
